PRESS RELEASE

Reproductive Health Specialists Name New Executive Director

PITTSBURGH, PA (March 7, 2006) Reproductive Health Specialists (RHS), a fertility center with offices in Monroeville and Wexford, has named Robin Musiak, MS, TS as its new Executive Director. Formerly serving as Director of Operations, Ms. Musiak has been with RHS since its inception in 2000.

As Executive Director, Ms. Musiak oversees the strategic planning of the financial, marketing and human resource components of the fertility center. Her background as an embryologist gives her an advantage in identifying and adopting the latest developments in assisted reproductive technologies to ensure that RHS patients achieve the best possible outcomes.

“This is an exciting time for RHS as the practice expands and grows,” she said. “I’m eager to build upon that growth, helping RHS to continue to raise the standard of infertility treatment in the region.”

Ms. Musiak is a member of the American Society of Reproductive Medicine (ASRM) and the American Board of Bioanalysis, where she holds certification as a technical supervisor in the disciplines of embryology and andrology. She received a Master’s Degree in Management and Technology from Carlow University and a Bachelor of Science Degree in Biology from Saint Vincent College.

Reproductive Health Specialists, Inc. (RHS) is the region’s only independent, women-owned and operated reproductive endocrinology and fertility center focused on one goal: helping every patient to have a baby.
